Is Teaching a Profession

The base ball club will have a sup-per and dance in the new store build-ing, next Friday evening. A good time is anticipated. BY C. G., TEACHER. Is not teaching a profession? One of the grandest and noblest. Think of DUCKS and GEESE, Hod Seruby and James Snyder went instructing those who are to till places In good flesh, for which I will pay the of trust and honor, who are one day to following prices: help rule this vast republic. Think of Common Hens per dozen, instructing the human mind not only Full blood, per doz. that it may benefit and adorn this world ave always used Dr. King's New Discovery,for but that it may shine in resplendent coughs of scost severe character, as well as for those of a milder type. It never fails to effect a speedy cure. My friends to whom I have recommended it speak of it in same high terms. loveliness in that "world where there are no tears."

The sculptor who changes the rough his present degree of excellence. Then why should we expect to fill a place in the highest rank with sculptors of a far higher order after only a few years' ex-

perience and so little effort To study our profession is to enable

it to ennoble ourselves. Teachers who engage in other work during vacation should not allow it to hinder their attendance at the annual Institute. But meet, fellow-teachers.
